Professional Summary:

I'm a Web Developer with 6+ years of experience working with .NET and C#, focusing on building reliable and scalable systems. My goal is to create tools that not only streamline company processes but also provide real value in marketing. I'm passionate about developing solutions that make a real impact and help businesses grow.

Skills:

- **Programming Languages:** C#, HTML, CSS, JavaScript, SQL
- **Frameworks & Libraries:** .NET, ASP.NET, Bootstrap
- **Database Management:** SQL Server, MySQL, MSSQL, PostgreSQL
- **Tools & Platforms:** Git, Visual Studio, Azure (SSO Integration)
- **Web Development:** Responsive Web Design, MVC Architecture
- **Website Administration:** Security Vulnerability Fixes, Server Management, Site Maintenance
- **Others:** Problem-Solving, Debugging

Professional Development:

- Continuously exploring backend improvements and cloud integration (Azure, APIs).
- Currently studying advanced .NET Core and API design patterns.

Experience:

Mid Level Web Developer

Business Process Outsourcing International (BPOI) | 2018 – Present

- Develop and maintain a website that markets to multiple clients of the company.
- Add additional features, tools, and reports to enhance functionality.
- Enhance existing modules and provide ongoing support by fixing bugs in the system.
- Assist in developing new tools used by employees for payroll processing.

Projects:

- **Online Client Portal System** – A responsive web system for internal tools and marketing pages, integrated with Azure SSO.
- **Payroll Automation Tool** – Developed internal tools to streamline payroll processing using .NET and SQL

Certifications:

- **NC1 in Computer Hardware Servicing** – TESDA

Learned troubleshooting of computers, setting up software, and network configuration.

- **Google IT Automation with Python** – Coursera (Scholarship from DTI)

Learned Git and Python for automation tasks.

Education:**Bachelor of Science in Information Technology**

Pamantasan ng Lungsod ng San Pablo
San Jose, San Pablo City | 2015 – 2017

References:**Larisse Almiranez**

Application Developer, BPO International

Fortunata Matibag

IT Manager/ Database admin, BPO International

Availability:

I am available for interviews upon request and open to full-time opportunities, preferably in a work-from-home setup. I look forward to contributing to a team where I can apply my experience in .NET development to drive process improvements and deliver meaningful results.
